

# USA GYMNASTICS ILLINOIS BOYS

## Qualifying Scores 2011

### 2011 STATE, REGIONAL, AND NATIONAL QUALIFYING PROCEDURES

Each gymnast needs to meet a predetermined score set during the competitive season each year. Members of the State and Regional Boards set these scores. A qualifying score is the total All-Around score from the 6 competitive events. Gymnasts that meet or exceed the set score may then qualify to the next level of competition. Qualification to the State, Regional, and the National Championships are accomplished by achieving these specifically set scores. A gymnast may qualify to the State Championship Meet from any meet during the competitive season. Qualification to the Regional and National Championships can only be done through the State and Regional Championships, respectively.
